## MIDDLESBORO FALL FAIR TO BE BIG EVENT

Plans Under Way For  
Annual Fall Festi-  
val.

### ADD NEW MEMBERS

Merchants' Association Member-  
ship Rapidly Increasing—  
Automobiles Free.

Advances of the season empha-  
size to Middlesboro merchants  
and hundreds of residents of the  
out of town sections the approach  
of the Harvest Festival, which  
promises to be the big event of the  
year. Both the business men of  
Middlesboro and the farmers of the  
surrounding country are pre-  
paring for the event.

The former are bending every  
effort to make the coming fair one  
of the most successful that has  
ever been held in Southeastern  
Kentucky. They are planning it  
on a scale that dwarfs all previous  
fairs held here.

Farmers and poultry and live-  
stock raisers are getting their pro-  
ducts in condition for the annual  
fair. Hundreds of dollars in prizes  
are offered for winning exhibits  
at the fair and the competition  
will doubtless be keen.

Members of the Middlesboro  
Merchants' Association have al-  
ready begun an important feature  
of the festival—issue of trade  
tickets with each dollar spent in  
their store or paid on old accounts.  
This will continue until the last  
of the festival, Saturday, Oc-  
tober 11.

Two automobiles, a Chevrolet  
sport model and a Ford touring  
car, will be given away during the  
fair. A majestic range and a Con-  
sole phonograph, each valued at  
\$150 and many other valuable  
prizes will also be given. Patrons  
of stores and other business estab-  
lishments operated by members of  
the Merchants' Association are re-  
quested to call for their trade tick-  
ets when making purchases.

The Merchants' Association is  
promoting the annual festival for  
the purpose of developing the agri-  
cultural interests of Claiborne,  
Lee, and Bell counties. By prom-  
oting the annual fair they encour-  
age rural residents to grow more  
and better farm products, poultry  
and livestock, a condition which  
will mean more money in this sec-  
tion.

Above all, Middlesboro mer-  
chants are striving to create a  
closer spirit of cooperation between  
Middlesboro and out of town resi-  
dents. The town's coming year  
and more to depend on business  
from nearby places in Kentucky,  
Tennessee and Virginia, and they  
are gradually but surely extend-  
ing their trade radius into the out-  
lying country. The annual Harvest  
Festival is responsible largely for  
this increase in retail business.

If present plans are carried out,  
there will not be a dull moment  
during the three days of the fair.  
An amusement committee is now  
working out plans to have one of  
the best entertainment programs  
ever held here. Visitors who were  
here in July will have some idea  
of the quality of the amusements.  
Plans are under way to secure a  
number of live outdoor attractions  
and a first-class band.

In addition to this, there will be  
a variety of contests, mainly num-  
erous in nature, such as were had  
here at the festival last year and  
on the Fourth this year. It is the  
purpose of the amusement com-  
mittee to bring entertainment here of  
such a wide variety that all will  
be pleased.

The Merchants' Association has  
made a considerable increase in  
membership recently and now  
there are about fifty business men  
who are identified with the organi-  
zation.

W. H. Gibson, chairman of the  
finance committee, who is seeking  
to build up the membership today  
announces the following business  
men and firms who have recently  
become members:

Moreland Cash Store, John O.  
Hurke, Lon Young's Drug Store,  
W. B. Schultz Drug Company, A.  
B. Snyder and Sons, Stanley and  
McAffry, Southern Slaughter com-  
pany, Dr. Bert L. Camp and The  
Middlesboro Motor company.

## Soaring Mercury Brings Prostra- tion from Meat

Middlesboro sweltered yesterday  
as old Sol reached a new high level  
yesterday, causing one heat  
prostration, probably the only one  
that has ever occurred here.

Miss Fay Miller, of Bingham-  
town, was overcome by the heat in  
front of the Uneda Cafe on Leth-  
bury avenue at about 10 o'clock  
last night. She was taken to the  
Salvation Army home where she  
received treatment by a local physi-  
cian and was kept all night. She  
was able to return home this morn-  
ing.

The heat was unusual yesterday  
in that it did not seem to abate in  
the evening. In the afternoon the  
mercury stood at 93 and at 6 o'clock  
in the evening it had advanced  
to 94. Not until the early hours  
of the morning did relief come  
from the oppressive heat.

## FIELDS ON TRIP FOR BOND ISSUE

Governor to Visit Various Places  
in Kentucky in Interest  
Campaign.

Associated Press.  
FRANKFORT, Ky., Aug. 22.—  
Governor Fields today began a  
campaign in behalf of the \$75,000-  
000 bond issue that will take him  
next week into southeastern Ken-  
tucky. After an address today at  
the Ewing Fleming county fair, the  
governor will go to Somerset,  
where he is scheduled to speak at  
the Pulaski county fair on the af-  
ternoon of Tuesday, August 26. On  
August 28 he will cross the state  
line into Williamson, West Vir-  
ginia, for a speech in the after-  
noon. That night he goes to Pike-  
ville, Ky.

The remainder of his speaking  
engagements in the mountain sec-  
tion, as announced, are:  
August 29, afternoon—Prestons-  
burg; night, Pintaeville.  
August 30, afternoon, Louisa-  
night, Blaine.

September 1, afternoon, Carlisle.  
On September 6 the governor will  
go into western Kentucky for an  
address at Eddyville.

## OLD SOL AGAIN HAS "MEASLES"

Sun Spots Are Now Increasing, Say  
Astronomers Observing Phenomenon.

Associated Press.  
WASHINGTON, Aug. 22.—Old  
Sol's getting the "measles" again.  
Between February and August of  
last year the sun had a minimum of  
spots. Professor George H. Peters  
of the United States Naval Obser-  
vatory here has observed. The  
number of spots is now increasing  
and will increase for a number of  
years. The sun spot cycle occurs  
every 11.1 years, says Professor  
Peters, and has just passed the  
minimum, with the next minimum  
in prospect for 1924.

For a number of days during the  
middle of 1923 no spots were seen  
on the sun's disk. Just where the  
zero point for sun spots is given  
rise to a difference of opinion.

During the period of sunspot  
maxima the intensity of the north-  
ern lights in the lower latitudes,  
gives evidence of intense magnetic  
conditions. Some spots do not pro-  
duce marked northern lights, while  
others do. Just which spots cause  
probable increase in the rainbow-  
colored aurora is a problem which  
Professor Peters is working on now.

Each clear day of the year at  
noon, Professor Peters photographs  
the sun. A photograph, with  
five inches aperture and 40 feet of  
focal length is used. The image of  
the sun is taken on a plate four  
and a half inches in diameter. The  
light is thrown into the camera  
from the surface of an unaltered  
mirror.

Professor Peters has been in  
charge of this work for 25 years.  
Issuing trade tickets, his being a  
profession that does not make  
such inducements. He has joined  
the organization because he is in-  
terested in the work it is perform-  
ing for the town. H. Laffey, gro-  
cer, though he has not joined the  
association, is taking advantage of  
the trade ticket system.

## DAVIS FLAYS KLAN IN HIS N. J. ADDRESS

"Condemned by All  
Believing in U. S.  
Ideals."

### DENOUNCES G. O. P.

Democratic Nominee Calls Atten-  
tion to Oil Prohibition—  
Blames Administration.

Associated Press.  
SEAGRIT, N. J., Aug. 22.—Call-  
ing the Ku Klux Klan by name,  
John W. Davis, Democratic presi-  
dential nominee, declared in an ad-  
dress here today that this organiza-  
tion or any other raising the  
standards of social or religious  
prejudices "must be condemned by  
all those who believe as I do in  
American ideals". Having made  
his position clear, Davis expressed  
the hope that President Coolidge  
would see fit "by some explicit  
declaration" to join him entirely  
in repudiating the Klan issue from  
the field of political debate.

SEAGRIT, N. J., Aug. 22.—Here  
where Woodrow Wilson received the  
first call to lead the democracy  
of the nation, John W. Davis  
began the fight to again wrest the  
control of the government from the  
Republican party.

Addressing the Democrats of  
New Jersey, Davis replied direct-  
ly to the President Coolidge accep-  
tance speech, making clear the  
president's failure to meet issues  
of corruption in public office, in  
Davis' opinion. Referring specif-  
ically to oil, the Veterans' Bureau  
and prohibition scandals, the Demo-  
cratic nominee declared that the  
Republican party could not escape  
responsibility for the acts of its  
higher officials. Installation of a  
budget system was no answer to  
the squandering of public resour-  
ces, Davis asserted, adding that  
"if unfit and corrupt men put and  
kept in office are left to their own  
devices, it is sufficient defense  
that the administration is not ac-  
tually desirous of dishonesty?"

## Former Middlesboro Man Dies in Harlan

Hamilton Shop, 77, former resi-  
dent of Middlesboro, died at his  
home at Harlan Wednesday. Fun-  
eral services were conducted here  
yesterday and interment was in the  
Hurst cemetery. The deceased is  
survived by six daughters and four  
sons, all of whom live in the vicin-  
ity of Harlan.

### Famous Doctor Dies

By Associated Press.  
CHICAGO, Aug. 22.—Dr. Sam-  
uel Johnson Walker, credited with  
stemming the typhus epidemic at  
Macedonia during the World War,  
died at his home yesterday at Lake  
Forest south of Chicago. He was  
a native of Covington, Ky.

## TANNERY BLUES TO MEET AGAIN

Ready for Clash Tomorrow Which  
Is Expected to Determine  
the Championship.

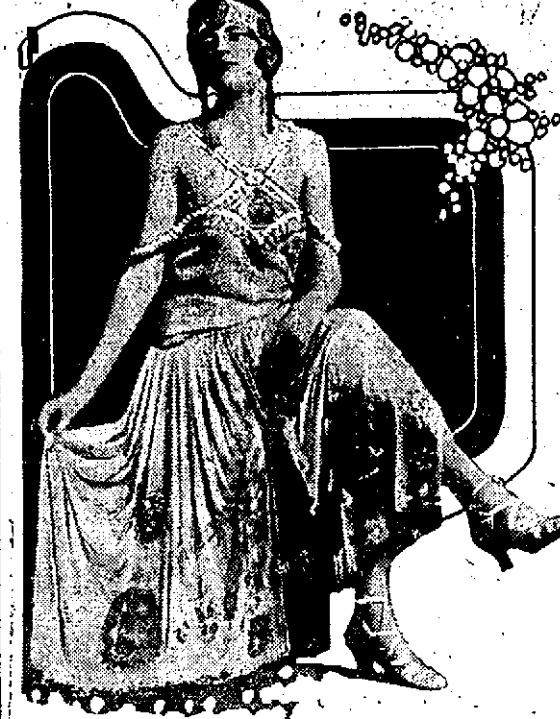

Interest of baseball fans this  
week is centered on the game be-  
tween the U. T. C. and the Big  
Ben Blues which is scheduled to be-  
gin at 2:30 o'clock tomorrow after-  
noon at the East End athletic field.

"In the pink of condition with  
the goose hanging high." This is  
the announcement that comes from  
both sides on the eve of the clash  
between the two popular indus-  
trial teams.

The Big Ben Blues was the first  
aggregation to bust, the 100 per-  
cent record of the tannery boys.  
This they did in a very effective  
manner but the Binghamtown lads  
retaliated with a flaking of 5-4 in a  
close 14 inning game. The game  
tomorrow will decide which is the  
champion of the season.

Blake, catcher for the Blues,  
hurt a couple of fingers in the last  
game and Weinsteil, initial sacker,  
has been rather sick this week but  
it is thought that both of these  
players will be able to participate  
in the game tomorrow.

## From the Blue-Grass Region

There certainly is a lot of beauty in the Kentucky blue grass country.  
And here is a sample of it. Meet Kathleen McElroy, who will be "Miss  
Paducah" in the Atlantic City Pageant National Beauty Tournament,  
opening Sept. 2.

## REPARATION PLAN PARAMOUNT ISSUE

President Says This Is the Most  
Important Problem, Should  
Come First.

Associated Press.  
WASHINGTON, Aug. 22.—Presi-  
dent Coolidge regards the fi-  
nal settlement of the reparations  
problem as the paramount world  
problem and until the Davis plan  
is finally placed in operation he  
does not consider the time appro-  
priate to call another arms con-  
ference. For invasion and attack  
must be removed from the relation  
between the European nation, he  
feels.

Likewise, the executive thinks  
that inquiries of foreign nations  
regarding war debts due this coun-  
try should await complete settle-  
ment of the reparations problem.

## DISORDER STOPS REICHSTAG MEET

Communist Suspended for Twenty  
Sittings Before Adjournment  
Is Made.

Associated Press.  
BERLIN, Aug. 22.—The Reich-  
stag assembled today to hear  
Chancellor Marx' statement on the  
recent London conference but owing  
to communistic disorders, the  
head of the government was un-  
able to speak. The session adjourned  
after Communist Sewartz had  
been suspended for twenty sittings.

## Boy Detects Leaning Pole Averts Crash

What might have been a serious  
accident was averted by the timely  
observation and keen judgment of  
ten-year old Jack Joyeux, son of  
Mr. and Mrs. Tom Weaver, at the  
Booneway Inn Wednesday night.

A tall electric pole leaning to-  
ward the street attracted the boy's  
attention. Its movement which  
was almost imperceptible was no-  
ticed by the boy who informed his  
mother that a fall would doubtless  
result in a breaking of the wires  
which, in turn, would cause a fire.

Mrs. Weaver immediately noti-  
fied the Kentucky Utilities execu-  
tive who dispatched a crew of men  
to the place. According to the men,  
the pole held up by wires, was  
gradually falling toward the street.  
The men soon placed it in an up-  
right position and made it station-  
ary the job being performed in  
twenty minutes after the call. The  
K. U. office reports that the people  
of Middlesboro are ever ready to  
cooperate in a move for public  
safety and that it greatly appreci-  
ates such warnings.

## COLMAR WORK TO BEGIN NEXT WEEK

Bid of Davis Construction Company  
Accepted at Meeting Fiscal  
Court.

The Davis Construction company  
bid for the four miles of work on  
the Colmar road recommended by  
the road committee yesterday was  
approved by the fiscal court at the  
meeting Thursday afternoon. Work  
on the road will begin next week.

The work will be done under the  
supervision of the state engineer.  
It being the plan of the state to  
take over the road, it was an-  
nounced today.

Survey is now being made on the  
Middlesboro-Paducah road and con-  
tract for this work will be let when  
the surveyors have finished.

## REICHSTAG WILL CONSIDER PLANS

Meeting Tomorrow to Consider Re-  
paration Plans of London  
Conference.

BERLIN, Aug. 22.—It is gen-  
erally expected that the Reichstag  
will meet Friday and that its de-  
cision on the results of the London  
reparation conference will be taken  
at the end of next week.

Yesterday's meeting of the cabi-  
net under the chairmanship of  
President Ebert unanimously ap-  
proved the German delegation's  
attitude during the London negoti-  
ations and the government is de-  
termined to dissolve the Reichstag  
in the event of the latter failing  
to sanction the London pact.

The government's policy in this  
regard was made clear to the lead-  
ers of the Reichstag parties in  
discussion after the cabinet meet-  
ing, when Chancellor Marx laid  
before them the results of the  
London parleys. He emphasized  
that from his personal interviews  
with Mr. Herriot in London he be-  
lieved that the French premier  
had the best intentions and could  
be trusted also that his aim was  
the pacification of Europe.

The chancellor expressed belief  
that Mr. Herriot would have made  
further concessions on the ques-  
tion of the Ruhr evacuation if po-  
litical considerations had not pre-  
vented him.

According to the Berlin Tag-  
blatt the representatives of the  
government parties came to the  
conclusion that the German dele-  
gation believed in London all that  
it could have achieved.

## MAKE SEARCH FOR ITALIAN WORLD FLIER

Locatelli Is Now Lost  
From Globe Circling  
Planes.

### HAD FASTER PLANE

Two Cruisers and Destroyers to  
Join in the Search—Scout  
Planes Are to Give  
Aid.

Associated Press.  
ABOARD U. S. CRUISER  
RICHMOND, Aug. 22.—Rear Ad-  
miral Thomas MacGruder ordered  
the United States cruiser, Rich-  
mond and Raleigh and the destroy-  
er, Barry, to make a search of the  
east coast of Cape Farewell, Green-  
land, for Lieutenant Locatelli,  
Italian aviator accompanying the  
Americans around the world flier.  
Planes carried by the cruisers  
for scouting purposes will make a  
search which will continue indefi-  
nitely.

Locatelli flew from Reyjavik  
with the Americans, outdistancing  
them earlier in the day because he  
was driving a faster plane. The  
Yankee fliers arrived at Fredericks-  
dal, Greenland, last night after  
thirteen hours of flying.

## Two Hurt When Car Plunges Down Bank

Frank Vanleber was seriously  
injured and Mrs. Miracle, of Cay-  
lor, Va., was less seriously hurt  
when the car in which they were  
riding tumbled down the embank-  
ment at Hinghamtown near where  
the road crosses the creek late yester-  
day afternoon.

It is believed that the accident  
was caused by a defect in the  
steering gear. The car rolled down  
the bank, one end of it landing in  
the creek. Mr. Miracle and his  
daughter, also passengers in the  
car, escaped injury.

## GIPSY RELIGION IS MOHAMMEDAN

Rites of Honoring Dead Declared  
to be Decisive Test In  
Bulgaria.

Associated Press.  
KONJUTSA, Bulgaria, Aug. 22.—  
The gipsy tribes throughout Bul-  
garia held their annual con-  
vention here the other day. To the  
question: "What is the religion of  
the gipsies," they replied by hold-  
ing memorial services for their  
fallen during the wars under the  
ministrations of Dervish Atad Ba-  
ba, a gipsy priest who came from  
Constantinople for the occasion.

There was a swarm of trousered  
women and girls, dressed in bright  
colors, and the men wore embroid-  
ered woolen clothes made of home-  
spun. Most of the gipsies are the  
smiths, blacksmiths or horse den-  
tists. One of the tribal ceremonies  
carried the taking of the oath of  
fealty by the numerous appren-  
tices, who kissed their master's hand  
in token of obedience.

## McCoy Insane?

Norman Selby, the famous Kill  
McCoy, accused of killing Mrs.  
Theresa Moran at Los Angeles. The  
"Kid" was declared by police in-  
sane Tuesday after he went on  
a rampage in his cell. He had  
previously been declared sane by  
allentists.

### AMERICAN SLAIN

American Subject and British-  
er Killed in Honduras.

Associated Press.  
WASHINGTON, Aug. 22.—  
George Hamilton, American  
citizen, and Charles Rimmer, a  
British subject, were killed in  
Honduras yesterday, the De-  
partment of State was infor-  
med by a cablegram today. The  
American vice-consul was di-  
rected to obtain and forward  
additional information im-  
mediately.

## TRIES TO SHOW LEGAL INSANITY

Defense Counsel for Leopold and  
Loeb Making Argument to  
Save Clients.

Associated Press.  
CHICAGO, Aug. 22.—That Nath-  
an Leopold and Richard Loeb have  
paranoid personalities was the di-  
rect statement to Judge Caverly by  
Walter Bachrack, defense attorney,  
today in an effort to save the con-  
fessed slayers from the gallows.

Bachrack devoted much argu-  
ment to the analysis of medical testi-  
mony, asserting that the alienists  
had taken insufficient time to ex-  
amine the youths. He also intimat-  
ed that the observations were made  
with the idea of stopping the de-  
fense based upon legal insanity and  
there failed to consider symptoms  
which would show mental disease  
short of insanity.

Large crowds attempted to gain  
entrance today, expecting to hear  
Clarence Darrow, veteran chief  
counsel, start the long awaited  
plea.

## GERMANS MUTTER AGAINST TAXES

Bavarian Farmers Fearing Move of  
Communists—Revolution Is  
Possible.

Associated Press.  
MUNICH, Aug. 22.—The peas-  
ants of Germany are threatening  
to revolt. It is no fun, they assert,  
being a farmer in this country  
where there are so many high  
taxes of one kind or another, to  
say nothing of the high cost of  
living.

At a meeting of the Bavarian  
Christian Farmers' Union the situa-  
tion confronting the small land  
owners, as brought about mainly  
by the attitude of the government,  
was discussed for two entire days.

Dr. Schlittenbauer, the general  
secretary of the union, and a dirt  
farmer himself, called attention to  
the precarious conditions with  
which peasants have to contend,  
and said that there was not only  
the danger of communism looming  
in the background, but also a so-  
cial revolution as well. Taxes  
were generally unsatisfactory and  
altogether too high, he said.

If the present policy of the Ber-  
lin government continues for an-  
other seven or eight months the  
danger will be acute indeed, asserted  
Dr. Schlittenbauer. Granting  
credits to the farmers on the one  
hand and imposing exorbitant  
taxes on the other, would in the  
end lead to an explosion in the  
farmers' revolution, declared the  
secretary, and most of the union  
members nodded their approval.

## WOMAN PRESIDENT BIG CORPORATION

Lady Pirre Heads Ship Building  
Firm When Husband Drowns  
at Sea.

Associated Press.  
BELFAST, Aug. 22.—Another  
woman's name has been added to  
the growing list of members of the  
weaker sex who are managing  
great industrial businesses. The  
latest addition is that of Lady Pir-  
rie, widow of the late Lord Pirrie  
who died at sea while on his way  
home from South America, and  
who was chairman of the great  
shipbuilding firms of Harland and  
Wolff.

## Fifty Policemen Call- to Quell Court Disorder.

### MANY ARE HURT

Riot Results When Public Tries  
to Enter Court Room—  
Darrow Begins—  
All Excluded.

CHICAGO, Aug. 22.—Riot calls  
to police headquarters resulted to-  
day from frantic efforts of court  
fans to gain admission to the court  
room where Clarence Darrow  
started a plea for mercy for Na-  
thaniel Leopold and Richard Loeb,  
kidnappers and slayers of Robert  
Franks.

So great was the crush in corri-  
dors and the court room that a score of policemen  
and deputies were unable to con-  
trol the mob. Twice the court tel-  
ephoned for police reinforcements,  
once asking for thirty men, then  
for twenty additional officers.

Women fainted, and the cloth-  
ing was torn from several persons  
struggle. The court held up the  
start of Darrow's plea a half hour  
until the corridors were cleared.  
Then ordered all visitors expelled  
from the building. The near tra-  
gedy dissolved into a comedy when  
a bailiff informed the court that  
four of his honor's friends were  
outside seeking admission and was  
told, "Let them stay out," they  
were late.

## WAR MINISTER LAYS DOWN BARS

Labor Minister of Germany Shows  
Staff by Lunching With  
Private.

Associated Press.  
COPENHAGEN, Aug. 22.—Mr.  
Rasmussen, the labor minister for  
defense, drove to some army man-  
cuvres, recently and on the way  
felt the need of a cup of coffee. He  
asked his chauffeur, a private to  
pull up at the nearest country inn.  
Arriving there, he invited the  
chauffeur to sit at his table and  
share the refreshment.

On arrival at the maneuvers the  
minister soon learned that scouts  
had already informed the general  
staff of the incident, and it was  
gently brought home to him that  
discipline would suffer if the head  
of the army made it a practice to  
take his meals with privates. Min-  
ister Rasmussen replied:

"Bless your soul, general, the  
fellow who drove for me is a work-  
ing engineer in private life and I  
a linotypist, so you see we belong  
to the same class. Just fancy, if  
you, general, had been my chauffeur,  
then I do not know how the  
dickens I should ever have been  
able to get a cup of coffee!"

## JINGLING COINS DIPLACE PAPER

Reign Cheap Currency in Austria  
Supplanted by Metal  
Coins.

Associated Press.  
VIENNA, Aug. 22.—The long  
reign of paper money in a number  
of European countries is coming to  
an end with the reappearance of  
the metal coins which various  
governments have introduced with-  
in the last few months. France led  
the way with a new franc, and a lit-  
tle later introduced smaller coins  
of nickel.

Germany some time ago issued  
one, two and three Renten mark  
pieces in silver, as well as pieces  
of nickel, while Austria, several  
months ago began the coinage of  
one shilling pieces of silver, worth  
about ten cents each, as well as  
nickel coins of various denomina-  
tions.

Russia too, is planning to put  
silver into use, and some weeks  
ago placed an order for a new  
coinage with the royal mint in Lon-  
don, the first of which will soon  
be completed and sent to the  
Treasury for distribution to the  
banks.

The Free State of Danzig has  
and Czechoslovakia are planning  
issue of metal coins in the next few months.

## OUR DUTY AS CITIZENS

In 1896, the McKinley-Bryan campaign, eighty percent of the voters of the country were at the polls. Since that date six presidential campaigns have been waged with a constantly decreasing vote in proportion to the population of the United States. According to census figures only 26,774,000 of the 54,421,000 native and naturalized voters cast ballots or less than fifty percent. In 1900 the vote was seventy-three percent, in 1908 sixty-six percent and in 1912, sixty-two percent. In St. Louis at the last presidential election eighty-two percent of the voting population did not go to the polls. The voting slump in the last twenty-five years has been during a period when every state has placed a primary law on the statute book and it would seem with the franchise right thus extended, a more widespread interest would have been maintained. The campaign this fall, while breaking in some of the red fire characteristics of former days, yet has its potential prospects for good and evil as the result of the vote. The interjection of two new parties into the fight for government, makes it incumbent upon every one who would be a conscientious voter to give careful scrutiny to party claims and allow no jumble of half-baked principals to obscure the principals of sound American government. After one's conclusions are carefully arrived at, it is

the duty of every voter or both sexes to attend the election and cast their ballot.

## MEETING HOUSE TO BE RESTORED

Tompkinsville Meeting House, the Scene of First Heresy Conference, Restored.

## Associated Press

**TOMPKINSVILLE, Ky., Aug.**—The old Mulkey Meeting house, near here, scene of probably the first heresy controversy in what is now Kentucky, is to be restored as a Union chapel, if a movement now underway is carried out, and the first Baptist church in south-western Kentucky will be used once more as a place of worship, after almost a century of disuse. The old meeting house was built in 1789, according to available records, and was used by Baptists until 1821, when the pastor, the Rev. John Mulkey, was charged with heresy by part of his flock. The congregation finally split, the Baptists who opposed Mulkey and the "Mulkeyites," using it on alternate Sundays, the cost of upkeep being divided, even to the extent that when a new roof was needed, one faction built one side of it and the other faction the opposite side.

A few years later the Baptists built another church, known as Mall's River church, which has been continually in use since then. The Mulkey meeting house finally fell into disuse and it is the plan now to purchase the original five-acre plot on which stands the church and in the graveyard of which many of the pioneers are buried, restore it to use and preserve the old graves.

### HOLLYHOCKS

By Wayne Gard

The streets of heaven, I've been told, Are paved with bricks of solid gold.

The gates are all of precious stone And poverty's a thing unknown.

No thunder-showers enter there, For every day is dazzling fair.

Yet, strangely, I have never heard A flower mentioned, or a bird.

And I'm quite sure that I would die Of playing on a golden lyre.

So, if there's room, along the walks, I think I'll plant some hollyhocks.

And soon as they begin to grow I'll tend them with a golden hoe. If Gabriel should pass my way.

### Excellent Taste

With this attractive coat dress, perfect tailoring is not achieved at the price of severity. The overdress of black flat crepe is mounted over an underdress of black and white embroidery. The belt extends only across the front, the back being a perfectly straight line. Beaver fur adorns the collar, cuffs and overdress. There is an ease and grace about the gown that is very difficult to obtain in so simple a costume, and there is no question about it being most excellent taste for almost any occasion during the day.

the M. E. Church, South, assisted by the Social Service Committee of the church, were hostesses at a party for the children of the Grace Nettleton Home at the home of Mrs. D. G. Hinks at 4 o'clock yesterday afternoon. The girls were brought from the Harrogate Institution in cars and returned in the same manner after the party. Entertainment was provided by games story telling and a fish pond. Lemonade, ice cream and sandwiches were served. Sixty girls were present at the party.

### Miss Gloster Gives Dance

Miss Mollie Gloster entertained thirty-five friends with a dance at her home yesterday evening. A feature of the evening was a Virginia Reel dance. Punch was served for refreshments.

### Miss Easton Entertains

Miss Freddie Easton entertained a few friends at her home last night. The evening was spent in dancing. Guests were: Misses Edith Hahnbricht, Doris Campbell, Alice Gloster, Freddie Easton, Josie Kriminger and Nell Buchanan; Bob Campbell, Melburn Sharp, Jim Dean, Bill Evans, Bill Haynes and Neat Callison.

### Weiner Roast at Boone Monument

Miss Helen Burnett gave a weiner roast near the Daniel Boone monument last night in honor of her cousin, Miss Alma Childress. Those in the party were: Misses Wanda and Minnie Wanda West, Charline Gagle, Gladys and Helen Burnett and Alma Childress; Messrs. Merlin Gagle, R. S. McGinnis, John Byrd, John Lyons, Herman Burrows, Dan Z. Gibson, Jr., J. P. Burnett and Bobbie Duncan. Chaperones were Mr. and Mrs. John Burnett and Mrs. Luther Burnett.

### Entertain With Hay Ride

Mr. and Mrs. Walter Hoe and Mr. and Mrs. I. W. Smallwood entertained a number of friends with a hay ride to Virginia last night in honor of Miss Bernita Collinsworth, of Knoxville, who is visiting Mrs. Hoe. Those composing the party were: Misses Nora Newman, Laura and Inez Cooke, Wilma Hutcheson, Cornelia Aveni, Mabel Morgan, Alta Campbell, Ora Thompson, Zella, Inez and Beulah Bryant, Elsie Arnold and Bernita Collinsworth; Mr. and Mrs. Walter Hoe and Mr. and Mrs. I. W. Smallwood.

### POWELL'S VALLEY

Prof. Wallace and Miss Edna Sharp attended the Sharp-Mullins wedding near LaFollette Wednesday afternoon.

Miss Ruby Farris who has been attending summer school at Knoxville is at home for a visit. She will return to Knoxville soon, where she will teach in Lincoln Park School.

The opening of the Powell's Valley high school was delayed one week owing to a misunderstanding in obtaining a teacher.

### EXPERTS DISCUSS HYGIENE IN WORK

Committees on Industrial Hygiene From Number of Different Countries.

Associated Press  
GENEVA, Aug. 22—Pupils of hygiene in industry were discussed recently at Geneva by a special commission of experts, who met at the International Labor Office.

The matters under study are deemed of considerable importance to world workers. They include poisonous infection contracted dur-

ring the exercise of employment, the possibility of extending insurance privileges enjoyed by the victims of accidents to persons who contract a malady during service, and the studies to be carried out to attain a uniformity of tests in the determination of voters by railway employees and sailors.

The experts form what is known as the committee of correspondence for industrial hygiene, and include specialists from Germany, Austria, Belgium, France, Great Britain, Italy, Japan, Poland and Yugoslavia.

### Duvetyn Suit

Not all fashionable suits have straight long coats, though most of them do. Here is a more dressy suit of gray duvetyn, trimmed with gray squirrel and lined with square buttons of but steel, that features the very short coat. The skirt is an elaborate wrap-around that drapes on one side and is plain on the other. The sleeves are slit almost to the elbow, though they may be closed and fastened with a snap when the weather warms.

## Ten Commandments OF THE Mail Order Houses

1. You shall sell your farm products for cash, where you can, but not to us, for we buy nothing of you.
2. You shall believe us, and buy all you can of us, for we want your best because we do not know you personally.
3. You shall send your money to us in advance, so we can buy the goods from the factory with your money; you may have to wait a few weeks, but that is our business method.
4. You shall get help from your nearest city or village to build good roads, so you may easily haul goods from the depot, but do not ask help from us—we don't help to build good roads.
5. You shall buy church bells and altar utensils from us, and send the money in advance—that is our rule.
6. You shall get all the help you can for your church from the business men in your nearest village or city for, although we have more profits from you than they, it is against our rules to give to churches.
7. You shall convert your neighbors also to your faith in us, so that they will buy from us, for we have room for more money.
8. You shall look at the pretty pictures in our catalog as often as you can, so as to strengthen your desire for things you do not need, but which you may order with other goods to save freight. Send us all of your ready cash, so that you may not have any of it left to buy necessities from your home dealer.
9. You shall believe us rather than your home business men, for we want your trade. We get to be millionaires on your support. Don't be bluffed.
10. You shall call on the business people of your own vicinity for help and credit, if you meet with hard luck, trouble or sickness. It's your money we want; we don't know you unless your orders are accompanied by cash.

## Modern Covered Wagon Starts Journey

SEATTLE, Wash., Aug. 22.—Sightseeing in a covered wagon, with "Chicago in two years" as the first goal, is the plan of Louis Dunn Johnson, a local artist, who has left here with his family on a journey of five or six years.

On a trim gray prairie schooner, Betty Lou, aged 2, plays under the shelter of the canvas. Mr. and Mrs. Johnson and Barbara, aged 11, like along the highways. Mr. Johnson expects to "knock off a year" in Chicago to study art. He then will continue to "hit the trail" until he and his family tire of the novelty. The schooner, which is constructed, is fitted with everything necessary for a home and a school.

## HOOVER WILL ARBITRATE IN RIO DISPUTE

## DAM CONTROVERSY

**Development Rio Grande Above Elephant Dam Started 1903—Trip to Twenty Points.**

DENVER, Colo., Aug. 22.—In an effort to permit relaxation of a reclamation service decree virtually tying up all irrigation development on the upper reaches of the Rio Grande, the Rio Grande Commission will begin a series of hearings early in September at points between Alamosa, Colo., and El Paso, Tex.

Secretary of Commerce Herbert E. Hoover will represent the United States government as mediator. The party will include representatives of the federal government and the state governments of Colorado and New Mexico. The trip will be made by motor and hearings will be held at probably 20 points along the river. They will be attended by river commissioners and engineering experts.

Development of the upper portions of the Rio Grande above the Elephant Butte dam project dates from 1907 when the Mexican government protested to the United States that development in southern Colorado and northern New Mexico was robbing the Mexican district of its water supply. This difficulty was found out three years later when, by an international treaty, the United States agreed to deliver 400,000 acre feet of water annually to the Mexican section. The Mexican government renounced all further rights to the waters of the Rio Grande.

However, to provide for the stipulated amount of water, it was necessary for the federal government to institute the Elephant Butte project, which tied up further development above that point. Since that time, with the exception of small reservoirs and work on old grant lands, no development has been permitted, the reclamation service holding that waters of all western streams were the property of the government to use as it saw fit.

This device brought strong protests, especially from the San Luis valley water users in Colorado, who

will be represented in the hearings by engineers and attorneys. The government remained firm in its stand to prevent additional development.

The hearings will be held, according to Ralph E. Carpenter, Colorado river commissioner, to prevent the recurrence of the series of incidents that made the drafting necessary of the "Colorado river pact," which is yet unratified by the state of Arizona.

Reports compiled by engineers working under the direction of the river commissioners of Colorado and New Mexico indicate that there is sufficient flow normally to permit further development. Chas. purport to show that for the last 75 years there has been, except at one period, more than enough water to take care of the Elephant Butte dam. The hearings are designed to determine to a large extent the amount of development that can be allowed in the restricted regions.

Two additional treaties are being considered by Colorado authorities, one to settle a controversy of long standing between Kansas and Colorado regarding the use of the Arkansas river, the other a tri-state pact among Nebraska, Wyoming and Colorado, with the government as a fourth party, to define the uses of the North Platte river.

## HUNS REVEL IN WHIPPED CREAM

**Ban on Delicacy Lifted in Berlin—Restriction Effective During the War.**

BERLIN, Aug. 22.—The people of Berlin are today reveling in whipped cream. During the war, and for a long time thereafter, this luxury of the table was unknown in Germany, so much so that the young generation did not know what the words meant.

But recently it was found that there was enough milk and honey to satisfy a revived demand, so all restrictions were removed at the request of the confectioners.

The demand for the frothy, white delicacy has exceeded even the fondest hopes of the most optimistic dealers. The German dairies have not been able to supply the wants of their customers, and as a consequence great quantities of cream are shipped in daily, chiefly for Berlin, from Holland and some Scandinavian countries. Whipped cream sells in this city for about 50 cents a cake.

Wouldn't the world be a awful place if the man who paints magazine covers opened a beauty shop?
